REGARDING: Funding Request for Pine Creek Restoration Projects/ Studies at Eagle Lake from David Lass 4-23-14

Thank you for your request for funding Pine Creek Restoration projects and studies.

We are pleased to enclose a \$10,000 donation from our nonprofit to Trout Unlimited for Pine Creek Restoration projects and studies. We hope our help and funding can assist in preventing an endangered or threatened species listing for our Heritage Eagle Lake rainbow trout and promote a native spawn when good water returns.

We look forward to being able to continue to donate as our funds become available in the future. This is exactly one of our objectives when we formed Eagle Lake Guardians. We believe our alliance with Trout Unlimited will result in positive things!

Thank you,

Eagle Lake Guardians
